Once, Jesus was walking with me in Lollipop Lane. Then we walked on Skittles Street. Then we saw a big chocolate tiger. Then we went to see Mary to see her son Jesus Christ, and she started to walk with us. Then we saw Joseph started to walk with us too. Then we saw three wise men. -

Francesca

Once there was a dog that wanted to go on an adventure, but he did not know where to go. He thought about it all day. He finally decided he wanted to go on a hike up a mountain. The next day the dog packed his stuff. After that, he went. The dog had lots of fun. He also zip lined, looked at cool things and ate at a place he liked.-**Roman B**

Once upon a time, a snowman got created by a girl named Kristen. She named the snowman Chris and put him in a box and mailed him to Santa. Santa heard a ding! It came from his doorbell. It was the snowman Chris. He was holding candy canes and a Christmas tree hat on his head. Santa carried him into the cooler. An elf named Mr. Cuddles walked in with a donut and some coffee. He saw the snowman and was surprised! He was so excited he screamed as loud as he could. Santa came running down the hall. He slid so hard he banged his funny bone on the floor. An elf went flying and crashed into a window. The elf was fine and so was Santa. It was Christmas Eve so Santa went up and down left and right until he was at his first house at 916 Marco Street. That was no ordinary house it was Kristen's. Santa got one present and placed it under Kristen's tree. Kristen woke up. Santa saw the light turn on! Santa saw Kristen and Kristen saw Santa. They stared at each other for more than five minutes. Kristen started begging Santa to let her be an elf. Santa was quiet for a moment and then said why not. Then Kristen helped Santa deliver presents from now on every Christmas. -**Shannon B, Tristan K, Isabella A, Robert P**

At school we have a lot of work to do.

We learn about adjectives and do math, too.

We bring our backpacks to school everyday,

We come to school to learn and play.

We put our backpacks on our hooks,

Afterwards we read our books.

We learn and work very hard,

And sometimes we play in the schoolyard.

At recess we play with lots of toys,

And sometimes we make a lot of noise.

We have a lot of friendships here,

And to us everyone is dear.

“Escape from School”

Ben left school early and soared to Walt Disney World on a plane. He will use technology to take photos of everything. Ben noticed that his favorite ride was still there. He will only focus on his trip. He will probably draw images of the starry sky. Then the crackle of fireworks will amuse him, and I estimate that he will have an ∞ (infinity) amount of fun.

Paleontologist: A True Story

Eight years ago my third word was T-Rex. I watched **Dinosaur Train** and I knew I wanted to be a paleontologist. I've collected dinosaur toys for eight years and still do today. I knew different dinosaurs like the Mossasaur as I grew up. I went on a dinosaur dig when I was eight and I found a type of prehistoric clam! Then **Jurassic World Fallen Kingdom** came out. I went to see it. I wanted to find a fossil. Finding new things is amazing. Finding dino bones are cool. I can't wait to be a paleontologist.

-Anthony G.

A True Story

Since I was five I wanted to be an art teacher. I tried so hard to draw all kinds of things. Once at my nanny's story hour I really wanted to do the project. Every time I want it to be perfect. When I was eight I drew a picture of a cat from an art book that looked almost exactly alike! I made a picture book called making friends. I also made two turkey pictures. I also made a paper star. When I am twenty I will get an art job at St. Margret Regional School. I am known as a great art teacher.

Good morning Chuckie Chalk. Do you think that you are attractive? I'm attractive because Chad Chalkboard is staring at me. —Sam M.

Good morning Glenda Globe. What do you like about being a globe? I like that whenever I am used, I get to spin around and it's very fun, but sometimes sickening. Another thing that I like is that I inspire a lot of people to travel. —Stephanie A.

Good morning Paul Pencil. What do you like about being a pencil? I think being a pencil is great. I can write on one side and erase on the other. However, I don't like it when I'm put in a thing called a sharpener. It hurts and makes me smaller. —Max S.

Good morning Elizabeth Eraser. How did you end up at St. Margaret's School? Well, it all started out with my dad Ernie Eraser. He was here from the very beginning. E was the first eraser in 4A, and then he met my mom. Then came Ethan, Eddie, Ellie, and now me, Elizabeth. —Annaztasia M.

Good morning Drake Dry Erase Marker. Do you like your purpose in life? My purpose in life is to help people do difficult things, but I don't like my purpose because I wanted to be a NFL player for the Eagles. —Brady T.

Good morning Stanley Stapler. Do you think you are attractive? No, I'm bald 25 year old male. I think that I'm getting rusty, and I sit next to two dirty pencil sharpeners. **-J. Rasmus**

Good morning Mary Marker. How did you end up in St. Margaret's School? Well, one day Mrs. Zweigle bought me in a 10-pack, and I was so excited but also afraid. I didn't know if the kids would use me. Apparently, they like me! **-Kali C.**

Good morning Paula Paper. What is special about you? I think the main thing is that I help kids express their imagination on paper, and not a lot of other objects can do that. I also love helping kids learn from my test and quizzes. **-Rylee A.**

Good morning Gary Glue Stick. What do you like about being a glue stick? I can party because I rarely get used. I party with all the other supplies. **-Michael B.**

Good morning Flora Flash Drive. What is special about you? The most special thing about me is that I'm the smallest technology I know. I know I'm small, but I can store lots and lots of stuff! **-Julliana L.**

Good morning Tommy Tape Dispenser. Do you think you are attractive? No, for one thing, I look like a boat, and I have a blade on my forehead. People are scared of me. **-J. Roberts**

My Friend

Just be thankful
Be yourself
Don't let anybody judge you
Treat everyone fairly
As they would treat you
Do the best you can
Even when someone dares you
I am me
And you are you
Someone bullies you
I'll stand up to them
Someone bullies me
You'll stand up to them
You are my bestie
And I will never forget you.

A Wonderful Thanksgiving

Once upon a Thanksgiving, Katie's mom, Ann, was cooking up the Thanksgiving centerpiece. The boys were outside playing football. When all the relatives started to arrive everyone was so happy. Aunt Jen was helping mom make the stuffing, and Aunt Nancy was cooking up the cranberries. Uncle Jim was upstairs taking a nap, because he was tired from driving all the way from Myrtle Beach to New Jersey. Once dinner was ready everyone was hungry, so we said grace then we all ate the delicious food.

What Catholic School Means to Me

Catholic school is learning about God and growing in our faith. We learn to be kind and caring. We work together and help each other. We get to do group projects with our friends. We get to be a part of the Christmas play every year. We do things to help others like donating gifts for Christmas to kids that need them. We are taught the importance of prayer. We say prayers throughout the day. We go to church and get to do readings, or get to bring up the gifts at mass. We are taught peace by being on peace patrol. We learn to forgive others. We also learn to be thankful for everything God gave us. We learn that we are all unique and special. I'm thankful my parents sent me to St. Margaret's.

At St. Margaret school, you learn a lot. When you learn, the teachers are very nice, patient, and helpful. The teachers help you out and encourage you to do your best.

The friends here are also very nice. They help you with anything you need. They will always be there for you. You become very close to them.

I also enjoy the activities we do here. I like the Pep Rally because I play basketball. I like assemblies and Catholic Schools Week.

I learn a lot here. It helps me to know the things for life.

-Erin M.

I like the school very much! It is just a place to learn, have fun, and talk to your friends. The teachers are nice. I have been here since kindergarten and I am now in fifth grade. This school taught me a lot. Everyone is nice. The teachers are very good at teaching.

-Gavin N.

I like St. Margaret School because it has a no bullying policy. It has two different carnivals! It has really nice teachers, too. It has a lot of nice students. I bet others like it too.

This school is first class because it has really nice catering and nice uniforms. It has a lot of different subjects. This is what I like about St. Margaret School.

-William M.

5B

I like St. Margaret School because it provides a nice and friendly environment. They have good sports programs. There are really nice teachers. St. Margaret School is known for basketball. This school is named after St. Margaret Mary Alacoque. It is a safe and happy place to learn all you need to know for high school.

I also really like St. Margaret School because we have a lot of fun events like Mission Carnival, Field Day, and Jeopardy. My favorite special is gym. My favorite subjects are math and social studies. I also really like St. Margaret School because I like alter serving at church. Another one of my favorite things at St. Margaret School is playing with my friends outside at recess.

What I really like about St. Margaret School is when we do the Christmas Play. I also enjoy the Halloween Parade we do. Another thing I really enjoy doing is kinder read with my partner. Grandparent's Day is also a really fun day. My parents made the right choice to send me to St. Margaret School. SMS is the best.

-Moira D.

Saint Margaret School is great in my opinion and when I think of it I think caring, helpful, educated, and, of course, fun. If you want to know how I feel about this wonderful school, read on and find out.

I came to this school in October of fifth grade in 2018. I have some things I really like. For example: I love some of the challenges I've faced, they make me push harder. Also I love Catholic Schools Week, it's my favorite. We do all kinds of cool stuff. The teachers even play volleyball versus the eighth graders. Anyway, I love this school and I think you would, too.

-Ellie F.

I like St. Margaret School very much. I like several things about this school. I like the teachers and my fellow students. I have had a very nice education over my time at SMS. I have made many friends, and people are very nice here.

The education is good here. There are also very nice teachers here. We have an advanced math class at our school, which a lot of other schools don't have. Another thing we have is two classes for each grade. It is also good that we get to learn about our faith. That is what I like about St. Margaret's School.

-Vincent S.

This morning I woke up and my mom told me school was cancelled because of a snowstorm. Yes! I love snow days! I get some breakfast and run upstairs to change into my snow clothes. I can finally go outside! When I get out there I see a winter wonderland. It's so beautiful! I start by making a snowman, he is so cute! But wait, I forgot a top hat, oops. Then I call over my friends to have a snowball fight. When they get here we pick teams and find a base to hide at. When the air horn goes off we are snowball making machines. My team starts slowly walking around getting ready to throw the first snowball. Then we spot their base, and I throw the first snowball. But I miss and they see us, run, run, and run! We're losing badly, but I remember I have a snowball maker and shooter in my garage! Good thing our base is just behind the garage. I grab the snowball shooter and run back to base, then suddenly I hear "Wake up! Wake up!" I wake up and realize it was just a dream.

Jesus is my Savior
Who came down from heaven
Who was both human and divine
Who leads me through life
And helps me up when I fall.
Who comes to me in my dreams
And tells me “do not be afraid
Jesus is true God and true man
Who watches over me, when I step,
To make sure I’m alright. Jesus loves me,
For I am his child He comforts me when
I pray. Jesus wants me to live a good life.

On Christmas Eve

A Quaint, cozy, Christmas Eve,
Santa's sleigh started to leave,
trees on top of every truck
under towering trees presents were snuck,
Grandpa Gary started lonely to grieve,
since all Grandmas' gifts were there.

Santa away in the air would achieve,
a painted plane people would deceive,
up in the icy air Santa gets stuck
He laughed and said he had little luck.

Santa then saw a stain on his sleeve.
But, Santa will stop, for the children who believe.
